### THE ICFAI UNIVERSITY, DEHRADOON

MCA 2022-2024  
7.26 CGPA

### DEV SANSKRITI VISHWAVIDYALAYA

BCA 2018-2021  
6.68 CGPA

## EXPERIENCE

Fresher

## PROJECTS

### Chat-App

A real-time messaging application built using the MERN stack, allowing users to create accounts, join chat rooms, and engage in conversations with others.

#### Key Features:

- User authentication and authorization
- Real-time messaging and chat room management
- Message history and typing indicators
- User-friendly interface and responsive design

#### Technologies:

- MongoDB for data storage
- Express.js for backend API
- React.js for frontend UI
- Node.js for runtime environment
- Tailwind CSS for CSS design

### Blogs

To design and develop a fast, scalable, and user-friendly blog using React for the frontend, with the following goals:

- Provide an engaging and intuitive user interface for readers to explore and interact with blog content.
- Ensure accessibility and follow web development best practices to make the blog usable by a wide range of audiences.

#### Technologies:

- React.js for frontend UI
- CSS for design
